To whom it may concern,

Reference for Janina van der Drift

Janina completed four months of work experience at the Australian Equine Behaviour Centre from January to April 2011.

During her stay Janina worked well with other staff and displayed a polite professional manner toward clients. She showed great talent with horses and was eager to learn and practice new skills.

Janina worked hard and showed initiative, carrying out a variety of tasks to a high standard with little supervision. She was often placed in positions with little or no guidance and completed her tasks with enthusiasm and confidence.

Whilst at the centre, she schooled AEBC horses (both experienced and green), worked well with client horses consolidating what our senior trainers had installed as well as helping with our children's clinics. With another colleague she held entire lessons during the school holiday camps teaching groups of children various techniques of training.

I would be happy to recommend Janina for any employment or future study. She has always been a pleasure to deal with.

Kind Regards,
